Julie,

Thank you for the documents you sent last week regarding the above matter. I, as the original author of the conditional admission petition from the BBERC to the BOG to the BBE, would welcome an opportunity to comment to the Court with regard to certain proposed modifications to the "working draft," as follows:

1. Proposed (8): Whether it is mandatory or discretionary extension of conditional admission by the filing of a grievance against a conditionally admitted lawyer, I am opposed for those reasons which I will recite at the January 12, 2011 hearing, i.e. "grievance" not limited to OLR; recitation of OLR data and rules of appeal; and statistical timetable.
2. Proposed (1): "Eligibility" – I have no objections to the BBERC proposed language which has been approved by the BOG and the BBE.

Would you be kind enough to forward this to BBE Director Jacquelynn Rothstein since I do not have her email contact address.

Thank you.
