CLERK OF SUPREME COURT
OF WISCONSIN

From: David and Betty Knutzen, <[REDACTED]>
To: <clerk@wicourts.gov>

Subject: Please revise the recusal rules

We, like so many other Wisconsinites, have lost our confidence and trust in the Supreme Court that justice will be served. It is not difficult to predict the outcome of cases going before the court by examining the two parties involved. It is a foregone conclusion that a conservative politician, corporation or big money interest will prevail. That is why the Wisconsin Supreme Court has lost its' credibility in the state and country. When judges decide cases involving organizations or individuals that have provided them with huge campaign contributions in favor of those contributors, it betrays the concept of equal justice for all. Please revise the recusal rules to conform with the suggestions of the 54 retired justices. and restore the confidence of Wisconsin citizens in the court.

Thank you,
David and Betty Knutzen
