Honorable Justices of the Supreme Court of Wisconsin,

I have the district honor of serving my 3rd term on OLR district committee as one of the public representatives. So far, I have had an amazing experience seeing firsthand how the justice system works. It is an experience that I will cherish for life. As a result, I have been a very good ambassador for the fairness of the system and how the citizens of our country can positively participate to insure fairness and justice. As a US citizen, I feel strongly that these district committees play a vital role in public participation in the justice process. While streamlining of the disciplinary process is important and may allow the OLR to reach an earlier resolution, eliminating district committees will reduce public trust and faith in the system.

I would strongly urge you to maintain the committees as an important part of public accountability.

Sincerely,

A handwritten signature in black ink that reads 'M. Sarmadi'.
