 Julie,

Thanks for the follow up. We would like the Court to have our opposition prior to making any substantive or procedural decision including making a decision about whether or not to have a public hearing. We believe based upon our legal and empirical work that the petition is without merit. We intend to show the Court that, given the Court's action on this same issue in 2010 and the constitutional issues involved, the petition should be dismissed without a further and wasteful investment of judicial and public resources. We request that the Court take this matter off of its March 16<sup>th</sup> calendar. We will submit our opposition within the next 30 days.

I would appreciate your sharing this information with the Court

Thanks. I will get this to the court and into the file. I believe the Chief intends to remove this petition from the agenda for Thursday.
