

DevOps Supervisor

CONSOLIDATED COURT AUTOMATION PROGRAMS (CCAP)

Wisconsin Court System

Bring your DevOps expertise to the Wisconsin Court System and lead the ongoing evolution of our engineering practices. As the DevOps Supervisor, you will guide the development, deployment, and integration of software while strengthening collaboration between development and operations teams. You'll champion improvements in automation, CI/CD pipelines, observability, and overall DevOps maturity to ensure our systems are secure, reliable, and continuously advancing.

Individuals with deep experience in system monitoring, automated software delivery, infrastructure automation, and cross-functional team leadership are encouraged to apply. Candidates should be self-motivated and committed to delivering high-quality systems and services that support the mission and operations of the Wisconsin Court System.

LOCATION: Madison, WI, certain positions with this Department may allow remote work for a portion of their work schedule, depending on the needs of the position and the work unit. This topic may be discussed in the interview process.

SALARY: Starting salary will be \$100,900 - \$121,100 annually, with a State of Wisconsin benefits package.

RESPONSIBILITIES:

1) Manage DevOps systems and activities such as defining, refining and documenting DevOps best practices and standards. 2) Oversee the operation of, and improvements to, the CI/CD Pipeline including build, test, and deployment pipelines. 3) Oversee software maintenance, ensuring libraries are up-to-date, security issues are addressed, and system fixes are delivered in a timely manner. 4) Supervise DevOps engineers, database administrators, software engineers, and technical consultants in areas of expertise. 5) Oversee the identification and resolution of issues using performance metrics, monitoring, and logs to identify trends and potential issues. 6) Manage system optimization based on monitoring and analysis. 7) Develop incident response protocols, serve as an incident manager and perform lead on root cause analyses. 8) Manage the DevOps budget, including on-premise servers, cloud services and DevOps software. 9) Collaborate effectively with the CCAP Leadership team to establish and implement best practices for operations, project management, and customer service.

QUALIFICATIONS:

1) A Bachelor's Degree in Computer Science, Information Technology, Computer Engineering or related field, or equivalent combination of education and experience. 2) Experience in operations and project management. 3) Experience in a leadership position in an information technology environment. 4) Experience utilizing quality assurance methodologies in an IT environment. 5) Experience with monitoring and log systems. 6) Comprehensive knowledge of DevOps philosophies, practices, and tools. 7) Comprehensive knowledge of agile development methodologies. 8) Comprehensive knowledge of software security policies and procedures. 9) Good knowledge of software quality assurance processes. 10) Good knowledge of IT automation, code management, containerization, virtualization, and build tools. 11) Working knowledge of scripting tools. 12) Working knowledge of SQL database management and maintenance.

Preferred:

1) Experience with supervising teams of 5+ individuals. 2) Experience managing hybrid environments – on premise, AWS and Azure. 3) Experience with automated testing. 4) Experience with Prometheus and Grafana. 5) Good knowledge of Ansible, Gitlab, SBT & Cargo, Docker & Docker Compose, KVM & VMWare, and PostgreSQL. 6) Working knowledge of the business functions of Wisconsin Courts or similar industry. 7) License and/or certificate in Certified DevOps Engineer (AWS, Microsoft), Docker Certified Associate (DCA), ITIL.

SPECIAL REQUIREMENTS:

1) Employment will require a criminal background check. 2) Must meet the minimum standards for driving a state vehicle. 3) Must be able to travel throughout the State of Wisconsin with occasional overnights. 4) The Wisconsin Court System **does not** sponsor work visas. In compliance with federal law, all persons hired will be required to verify identity and eligibility to work in the United States, and to complete the required employment eligibility form upon hire.

TO APPLY:

Please submit a cover letter and resume in a single .pdf document indicating the position **#26-2632 DevOps Supervisor** to human.resources@wicourts.gov. All materials should address your relevant education, experience, and skills as it relates to the qualifications and special requirements listed above. Failure to follow these procedures may result in your disqualification.

DEADLINE:

In order to be assured consideration, applications must be received by 11:59 PM on August 10, 2026. The Wisconsin Court System will provide reasonable accommodations to qualified applicants when requested. For additional information on the court system, visit our website at www.wicourts.gov.

Upon request, all prospective employees can obtain a copy of the Equal Employment Opportunity Utilization Report.
