<b>Comments:</b>	<p>DHS is funding the competency evaluation program. In the event a person is unable to be examined on an outpatient basis, DHS will continue conducting inpatient examinations at the mental health institutions on a limited basis. This change will shift the focus from DHS routinely conducting exams on an inpatient basis to routinely conducting exams on an outpatient basis. This process will expedite the cases for persons who are incompetent to proceed, and it will also significantly reduce the transport costs to the counties. Each county should develop a procedure to effectuate this change. Questions regarding DHS examinations should be directed to Linda Harris at (608) 267-7909 or Lynne Adolphson at (608) 267-7705.</p> <p>The statute mandates that the order gives the examiner access to past or present treatment records under §51.30(1)(b), Wis. Stats. Access to other health care records under §146.81, Wis. Stats., may also be appropriate in some cases. Use the “other” section of the form to include such an order.</p>
