Several counties have provided these forms on a regular basis in the past. They have requested it also be available on CCAP. RMC has no concern with providing blank forms that are expected to be completed by the parties. However, RMC has reservations about providing these forms with information generated from CCAP. RMC's concerns are that completing these forms may be construed as the practice of law, and errors may create potential liability.

RMC recommends that each county give careful consideration to its policy on how to use this form.

**January 2008, RMC approved to not default in county name on the first line of the form. It will be in a dialog box, where the current county defaults in, but the user can change it. CCAP change only.

For replevin actions where the property value is \$10,000 or less or for the return of consumer goods under §425.205, Wisconsin Statutes, the small claims replevin procedure must be used.

About this Form: This form is the product of the Wisconsin Records Management Committee, a committee of the Director of State Court's Office and a mandate of the Wisconsin Judicial Conference.

If you have additional information that does not change the meaning of the form, attach it on a separate page. The form itself shall not be altered.
