Supreme Court of Wisconsin

No. 2025AP50-D **OFFICE OF LAWYER REGULATION V. RYAN V. DOHERTY**

May 21, 2026

The Court, by its Commissioners, has entered the following order:

On May 12, 2026, complainant-appellant, the Office of Lawyer Regulation (OLR), filed a motion to "correct the record on appeal" and include as part of the appellate record numerous documents, including documents that apparently were not offered into evidence at the subject disciplinary hearing. Having considered the motion, and the court noting that some of the documents listed in the motion appear to already be part of the appellate record in SCCA, and further noting that the titles of some of the docket entries in SCCA do not appear to accurately reflect whether certain documents were received into evidence,

IT IS ORDERED that the motion is denied, without prejudice;

IT IS FURTHER ORDERED that the OLR is directed to work with the Clerk of this court to ensure that the compiled record index accurately reflects the documents that were filed in this matter;

IT IS FURTHER ORDERED that the Clerk is directed to review and correct the titles of docket entries for documents filed in this matter to correctly identify whether a given document was actually received into evidence at the disciplinary hearing; and

IT IS FURTHER ORDERED that if after consulting with the Clerk, the OLR believes that there are documents not included in the appellate record that were filed in this matter, it may renew its motion to correct the record, but any such motion must explain, with specificity, the factual basis for why each such document was not originally included in the appellate record, and the legal authority for including such document.
