RE: Appellant Anthony Ray Salin's Request for Petition of Supreme Court Review of Attached Court of Appeal Orders Secondary to Ex Parte Communications Partially Due to an Absent Deputy In Question of Communication and the Respondent's Negligence to Obey Court of Appeals Order Concerning Service Questions || 2021AP48 and 2021AP620

Appellant, Anthony Ray Salin, would like to respectfully request a Petition for Supreme Court Review of the recent orders and due to the Respondent's disobedience to an Order providing that he inform the Court of Appeals and Appellant with directions on how to have him served in these actions. The attached orders were issued secondary to ex parte communication and due to two factors. 1. The Respondent delaying to inform the Court of Appeals as to how he wants to be served. The respondent had until April 19th, 2021 to inform the Court of Appeals as to how he wanted to be served. No response was received per a phone conversation with the Court of Appeals on April 22nd, 2021. 2. Appellant was directed to write the letter by a Court of Appeals personelle after communicating with a Deputy Clerk of Courts from a Wisconsin district other than the Dunn County and due to that Deputy's absence on the day of the call. The Deputy was absent during the yesterday's call as well.

Ex Parte Communication occurs when a part to a case, or someone involved with a party talks or writes to or otherwise communicates directly with the judge about the issue in the case without the parties' knowledge. "Ex Parte" is a Latin phrase meaning "on one side only; by or for one party." This issue occurred due to advice from a Deputy from a district absent of the knowledge concerning this matter. Furthermore, the respondent in this action is obviously disobedient. The Respondent in this action is the Appellant's son and this action is brought to the attention of the Court of Appeals due to the Respondent's "oppositional defiance" towards the Appellant and per the "undue influence" of his mother being the Appellant's ex-fiancee. I would like to point out that the Respondent lacks obedience not only to his father being this Appellant but also to the Chief Judge overseeing these Appeals as he has not followed the order to inform the Court of Appeals and Appellant as to how he wants to be served. This brings to

light the ongoing Fifth Amendment Due Process violations and for where nobody is to be compelled by a prosecutor or anybody working under the color of law including the court to place themselves in jeopardy and/or incriminate themselves without due process of law.

Today is April 23rd, 2021 and four days past the Respondent's deadline to communicate how he would like to be served per the Wisconsin Court of Appeals Order and his negligence has placed the Court of Appeals, Dunn County Court, and this Appellant in jeopardy of engaging into Ex Parte Communications. Here, I request a Petition for Supreme Court Review of the attached orders and request an extension along with the opportunity to provide the Court of Appeals with a new Affidavit to Proceed without Paying Court Costs and Fees due to a recent change in production. The pay stub indicating a decrease in hours will not be available until April 30th, 2021. In closing I affirm that the actions taken against me and for where I am appealing point out to a protection scam secondary to Fifth Amendment Due Process violations.

Appellant is running out of ink and toner. Appellant will provide an unsigned copy to the Court of Appeals via Fax and a signed copy of this document with partial redactions due to toner issues. Left and Right Margins provide for data integrity concerning this document in a signed fashion but having white lines redacting some of the information in the center of this document in print. The unsigned document is clear and concise and the signing is for authentication.

Respectfully Submitted,
