Re: State v. Troy Hoople
Case No. 2020AP219-CR

Dear Sir/Madam:

Enclosed are the original and nine copies of the No-Merit Petition for Review. It is my understanding that because the filing fee was waived in the court of appeals, it will also be waived for this petition for review to the supreme court. As this petition has been prepared under the no-merit procedure of Rule 809.32, I have also enclosed a statement regarding service on the defendant, as I normally do when filing a No-Merit Report. I have explained to Mr. Hoople (in writing) his responsibilities in drafting and filing the supplemental petition for review under Rule 809.32, and have sent him the court file and the transcripts in his case, so that he can do so.

Thank you.

Sincerely,

Dennis Schertz
