Dear Ms. Reiff,

I request the court to reconsider my Petition for Waiver of Fees/Costs-Affidavit of Indigency filed on January 4, 2021. My signature on this form was witnessed by your administrative staff personnel when I signed the form in your lobby. Your administrative staff personnel told me that a notarized signature was not required due to Covid-19.

I am presently unemployed due to Covid-19. I receive \$274.00 weekly as my unemployment compensation benefit. When not unemployed, I usually work part-time in a non-professional work setting. My monthly expenses continually exceed my monthly income. I have debt on my credit cards. I had three occurrences within the past month of unexpected car repair expenses. My dental debt will increase this month since I am scheduled for additional dental surgery next week.

Sincerely,

Nancy L. Marquardt
