TABLE OF PENDING CASES

The following table describes pending cases the Supreme Court has accepted on petition for review, bypass, certification, and original jurisdiction.

The cases included for the first time (that is, the most recently accepted cases) are marked with an asterisk (*) next to the case number. After the Supreme Court decides a case, the date of oral argument or date of submission on briefs will be replaced with the date of the Supreme Court decision and an abbreviated mandate. That mandate will generally be displayed in the table for two months, after which the case will be removed.

The information in the table, from left to right, is as follows:

- Case No.: Case number this includes hyperlinks to online case access;
- Case Caption: the abbreviated caption of the case (case name);
- Issue(s): a summary of the issues, with hyperlinks to relevant statutes and cases where applicable;
- SC Accepted: the date the Supreme Court accepted the case including how the case reached the Supreme Court. Abbreviations used are:

BYPA = Petition to bypass	CERT = Certification
ORIG = Original Action	RE VW = Petition for review
- Oral Arg./Brief Subm. Date: the date of oral argument or submission on briefs; or the date of the Supreme Court decision along with an abbreviated mandate;
- CA Dist./Cty Information: the Court of Appeals district from which the case came, if applicable, as well as the county of origin;
- CA Decision: the date of the Court of Appeals decision, if applicable;
- Decision Publication Status: Indication of whether the Court of Appeals decision is published or unpublished. If published, citations to the public domain and the official reports are provided, along with hyperlinks where available.

2022AP2026	<p><u>Konkanok Rabiebna v. Higher Educational Aids Board</u></p> <p>The U.S. Supreme Court has held that programs using racial classifications are constitutional if they have a measurable compelling interest, narrow tailoring designed to address that interest, a lack of substantial harm to other groups, and a way to measure an appropriate end.</p> <p>Wisconsin Stat. § 39.44, currently funded at less than one percent of state aid, addresses disproportionate attrition rates among students in specific racial groups by awarding grants, beginning sophomore year, through the private colleges and Wisconsin technical colleges the students attend. The grants help those schools retain the classes they matriculated and promote equal opportunity for all students. They dramatically reduce attrition for grant recipients, far more than race neutral financial aid. Annual reports keep public officials apprised of the program’s performance, and the Legislature chooses how to fund the program biennially.</p> <p>Did the respondents show that the statute is unconstitutional in all applications?</p> <p>For a plaintiff to have standing, this Court’s precedent requires the plaintiff to have suffered a real and immediate injury and to have a legally protectable interest. In turn, to establish taxpayer standing, a plaintiff must suffer a personal, pecuniary injury. Mere disagreement with a law is insufficient to afford taxpayer standing.</p> <p>Here, Respondents are not students seeking financial assistance. Instead, as taxpayers, they challenged some of the criteria governing the Retention Grant but did not seek to have fewer taxpayer dollars spent.</p> <p>Did Respondents satisfy the requirements for taxpayer standing by demonstrating a personal pecuniary loss?</p>	<p>11/04/2025 REVW Oral Arg.: 02/11/2026</p>	<p>2 Jefferson</p>	<p>02/26/2025 Pub. 2025 WI App 24</p>

Chapter 971.14 committees, like Chapter 980 committees, are “patients” within the meaning of the Act. 2024AP673	<u>Sierra Club v. This guidance memo instructs DNR staff to use data collected from statewide and regional air-quality monitors and data extrapolated from those monitors. The memo does not independently impose any mandatory requirements and instead implements the air-permitting procedures codified in statute and in state and federal administrative rules. The memo expressly states that it “does not establish or affect legal rights or obligations,” “does not create any rights enforceable by any party in litigation,” and that it “is not finally determinative of any . . . issues addressed,” which will instead be determined in the final permitting decision.
