Subject: March 9 Supreme Court hearing on Petition for new conditional bar admission rule: Request to address the Court

Julie,

If possible, I would like the opportunity to address the Court regarding BBE's petition for a new conditional bar admission rule scheduled to be heard on Monday, March 9 at 9:45 a.m. Further, if possible, could I please be listed as the last speaker so as not to duplicate any prior comments? I request such privilege on the basis that I, as the Board of Governor liaison to the BBE review committee, was the author of the pending proposed conditional bar admission rule, with the exception that I, the BBE review committee, and the Board of Governors recommended a new Section 7, which provided as follows"

"(7) Confidentiality. The fact of conditional bar admission and the written agreement required by Section (3) shall be confidential."
