CLERK OF SUPREME COURT
OF WISCONSIN

I agree with the 54 Judges who have petitioned the Wisconsin Supreme Court to revise the recusal rules. Without these rules being changed in accordance with this petition Wisconsin Judiciary will continue to lack confidence that the judiciary system is fair and impartial. Right now I feel you are not. There is too much advertising for the positions and it only diminishes the respect you should deserve as a judge.

There ought to be stricter rules for recusal and part of this is limiting the campaign contributions to your candidacy. The limits set forth in the petition seem appropriate even though I would like to see even less \$ amount limits. 10,000 for Supreme Court, 2500 for Appeals Court, 1000 Circuit Court, and 500 Municipal Court.

Please hold a public hearing on this petition from these well qualified judges. The state of Wisconsin ought to be respected for its judicial system and right how it is not. By adopting these rule changes it could be a way of getting back in the respect column.

Thank you,
