Subject: Please reform rules on judicial recusal

MAR 29 2017

CLERK OF SUPREME COURT
OF WISCONSIN

Please act on the petition submitted by the more than 50 retired judges.

We need to have an independent, impartial process for determining judicial recusal. Even the appearance of a conflict of interest is enough to cast the legitimacy of court decisions into doubt. Having the judges make their own decisions about recusal is a defacto appearance of conflict of interest.

Please develop new rules that can bring the appearance (and reality) of integrity back to our court.
