MAR 29 2017
CLERK OF SUPREME COURT
OF WISCONSIN

54 Wisconsin judges have petitioned you to reform the rules on recusal for the Supreme Court. I wholeheartedly agree with them.

Every level and branch of government in the United States is now infected with the poisonous influence of money and the Wisconsin Supreme Court is no exception.

I urge you to restore integrity and openness to your branch of the state government.

Show our state citizens that you are against corruption. Show our state citizens that they can have faith in the judicial branch.

Of late, that faith has been deeply challenged if not lost.
