CLERK OF SUPREME COURT
OF WISCONSIN

To Whom it may concern,

I write to express support for the above noted pending Petition. I have reviewed all of the correspondences already sent that are listed on the Supreme Court website. I cannot say any better what has already been said, and thus do not wish to repeat the same comments here. But it is important to note that the granting of the Petition is critically important to ensuring the integrity of our criminal justice system which is the backbone of this great nations individual freedoms and rights.

It is not feasible to allow the current rate of \$40/hr to continue when the most recent data indicates that the average overhead cost for an attorney to run a business is \$42/hr. If we truly care about protecting the rights of the individual as expected by our Founding Fathers, the only way to do that is to ensure that those expected to do so are fairly compensated for their work.

Thank you.
